### ***Outdoor and Adventurous Activities (OAA)***

LWA young leaders to run a weekly Enrichment Programme which can focus on a particular group of pupils. Outdoor & Adventurous Activities (OAA) and residential work has tremendous potential to develop the personal development and social skills of our young people. Pupils from the West Leeds area are often very limited in their opportunities to access OAA and pressures due to H+S and staff expertise means schools have been limited in their offer. LWA would like to work with schools to increase the opportunities in this area. This could be achieved by helping schools to deliver OAA using LWA staff and resources to deliver exemplar sessions.

How this may look in your school:

- Use of LWA climbing wall and mountain bikes.
- The opportunity to develop a 'mini D of E' experience based at LWA in preparation of the possibility of completing the full award at high school and at the appropriate age.
- Risk assessments and insurance provided by LWA.

For £2500 per year (if all 9 Primary School sign up):

- 2 hours a week with Paul and his team in your school, leading sessions and training your staff;
- 4 Twilight Sessions at Leeds West Academy to train your staff;
- The opportunity for Primary staff to come in to LWA to observe PE staff in action;
- Participation in regular cross-Primary sporting competitions;
- Opportunities to be involved in all the initiatives discussed above.
